

September 2023

Press release

## Thomas Dalsgaard new CEO of Beijer Ref Denmark

**HVAC and refrigeration wholesaler Beijer Ref Denmark is carrying out a generational change, as Claus Bo Jacobsen wishes to step down as CEO.**

**The replacement has been found internally, and Thomas Dalsgaard will take over as CEO on 6 September 2023.**

"I'm proud and honoured to be responsible for Beijer Ref's Danish companies. In the period ahead, I will do my best to get to know the organisation even better. I will focus on completing our current strategy period in the best possible way, and I look forward to the next steps where we, among other things, will strengthen the digitisation of the business and offer better online solutions to our customers," says Thomas Dalsgaard.

Thomas Dalsgaard joined Beijer Ref Denmark in 2019 as Business Unit Manager for the Armadan subsidiary, which markets technical insulation and passive fire protection. Later, he also held the role of Business Development Manager, being responsible for business development and marketing.

"Our Area Manager of the Nordic-Baltic area, Fredrik Hamrin, and I look forward to working more closely with Thomas Dalsgaard to develop the business so we can further boost growth in our Danish companies," says Simon Karlin, EVP & COO EMEA at Beijer Ref.

### **Wish to step down**

Claus Bo Jacobsen has been CEO of Beijer Ref Denmark since 2009, and the change is made due to his wish of stepping down.

"I've had many great years with Beijer Ref Group, and I've enjoyed the fantastic journey I've been on with all the talented employees. For some time, I've had a desire to step down, in order to spend more time with my family, and now the time is right to implement a generational change and pass on the responsibility to younger talents," says Claus Bo Jacobsen.

In the coming six months, Claus Bo Jacobsen will continue in the role as Business Development Director for Beijer Ref Nordic where he will lead several strategic projects and support his successor in the transfer of responsibilities.

"With Claus Bo Jacobsen in the front, Beijer Ref Denmark has experienced impressive growth and success, and I would like to extend my heartfelt thanks for his significant contributions. I look forward to collaborating on our Nordic projects," says Simon Karlin.

### **About Beijer Ref**

Beijer Ref is a technology-oriented trading Group which, through added-value products, offers its customers competitive solutions within refrigeration and climate control. Beijer Ref is one of the largest refrigeration wholesalers in the world, and is represented in 44 countries in Europe, North America, Africa and Asia and Oceania.

Beijer Ref Denmark covers the companies H. Jessen Jürgensen A/S, BKF-Klima A/S, Armadan A/S and Insulize A/S, and has branches in Ballerup, Aarhus and Kolding.
